Moon Rocks

Have you ever wanted to see and hold something from space? Now is your chance! Rocks from the moon, otherwise known as "Moon Rocks" will be on display at the library on March 9 from 10 am to 12 noon. The rocks are enclosed in thick plastic casings to protect them, but this is your opportunity to not only see and hold the rocks, but also get your picture taken with them. These rocks, which include core samples, pebbles, sand and dust from the lunar surface, were brought from the moon on the six Apollo missions. They are on loan from Johnson Space Center. This visit of the moon rocks to Story City is made possible by Virginia Swenson, a DMACC West Campus mathematics teacher who is a certified moon rock handler.

Puppies at Storytime

We're having a special storytime for National Puppy Day on **Friday, March 22**, at 10:30. We'll have several dog friends present for the kids to pet, play with and read to. It is sure to be a barking good time!
