# BBPL By-lines

**L**ibby is a one-tap reading app for borrowing digital books and audiobooks from your library. This free app, created by OverDrive, is available for Android, iOS (iPhone/iPad/iPod touch), and Windows 10 devices. The Libby app is integrated with OverDrive Read and OverDrive Listen. The app offers a fixed-layout and read-along for eBooks, allowing users to:

- Highlight and annotate titles
- Tag titles you love or want to read
- Create custom lists
- Receive alerts when titles are returned
- Access multiple libraries by saving multiple library cards
- Set preferences for browsing your digital library.

The Libby app does not replace the OverDrive app. If you are a current user of the OverDrive app and love using it, please keep doing so. The OverDrive app offers some features that Libby doesn't have yet, like eReading Rooms, Recommend to Library and streaming video. However, whether you are a new user or a current OverDrive app user interested in a new reading experience, give Libby a try. Happy reading!

## Here are the steps to using Libby:

1. Install the Libby app from your device's app store.
2. Open the app and find your library. You can search by library name, city or zip code.
3. Browse your library's collection and borrow a title. When prompted, sign in. You'll need a valid library card to complete this step.
4. Borrowed titles appear on your **Shelf** and download to the app automatically so you can read them when you're offline.

From your **Shelf**, you can:

- Tap **Start Reading** or **Start Listening** to open a title.
- Tap the cover image, then **Send to Device** to send a book to a Kindle.

## Please silence your cell phone while in the library.

We ask that patrons conduct conversations in the courtyard, foyer or side rooms. If you need to be on a computer and use your cell phone, please use the small computer room and close the door.

## Thank You!
